

P4 FOUR SEASONS

The P4 FOUR SEASONS is the newest Pirelli tire that is truly dedicated to perform in all four seasons. The multiple size options are designed to fit both performance touring vehicles and domestic sedans. The P4 Four Seasons tread pattern is designed to provide ultimate ride comfort, reduced noise, high mileage with excellent traction in wet weather.

Overall performance

P4 Four Seasons ——— Yellow line
Reference ——— Black line

Features & Benefits

- CAD optimized tread profile and compound for low treadwear
- Silica-rich tread compound for rolling resistance and all weather performance
- Variable angle grooves ensure higher mechanical grip

Two central longitudinal grooves provide maximum water expulsion

Reinforced shoulders provide enhanced stability and even wear

- Computer designed siping for maximum traction in wet and snow conditions
- Limited treadwear warranty: 135,000 km
